

EKL 22207

35/65¹W TDP Premium Cooler for Intel® Socket LGA 17XX

- Powerful top flow design
- High performance thermal paste
- Quiet and low-vibration 80 mm PWM fan
- Simple and tool-free push pin mounting for Intel® Socket LGA 17XX

With an extremely low height of only 30mm, the EKL 22207 is ideal for compact PC systems in the small form factor area. Especially in this size range it is often difficult to get a powerful and at the same time quiet CPU cooler. The EKL 22207 masters both challenges. The combination of an aluminum profile, high-performance thermal paste and a low-vibration PWM-controlled fan guarantees quiet and extremely effective heat dissipation.

Specifications

Part number (Retail)	22210021007
Part number (Bulk)	
EAN (Retail)	4250280331837
EAN (Bulk)	
Thermal Design Power	35/65 ¹ W
Material	Aluminium
Weight	152 g
Packaging	32 coolers / carton
Compatibility	Intel® LGA 17XX
Dimensions	90 x 90 x 30 mm
Speed	500 - 2700 RPM
Bearing	Ball-, sleeve bearing
Rated Voltage	12 VDC
Airflow	52,5 m³/h
Noise	21 - 35 dB(A)
Lifetime L10	40000 h at 40° C

Dimensions

The thermal and mechanical compatibility can vary depending on the system used. All information according to manufacturer specifications. Data subject to change (11/21).
¹ 35W according to Intel specifications. 65W up to inlet temperature of 40° C.
