

## **Optimal Cooling for Intel® Processors**

## **EKL 22212** 65W TDP Premium Cooler for Intel® Socket LGA 17XX

- Powerful top flow design
- · Safe and stable screw mounting with included
- backplate for Intel® Socket LGA 17XX
- High performance thermal paste
- Quiet and low-vibration 92 mm PWM fan (UL certified)

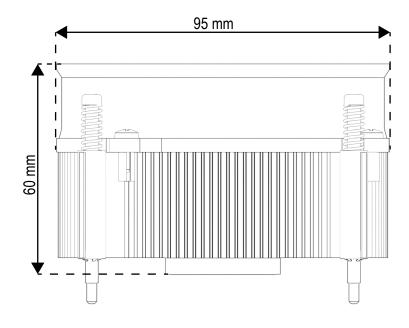

The EKL 22212 consists of an extrusion profile and dissipates the heat from your processor ideally and reliably. With a compact height of only 60mm, this cooler is ideal for all compact PC systems, workstations or even for the normal office PC. The built-in fan is UL certified and has a 4-pin connection and can therefore be controlled manually via the mainboard. This enables an adjustable speed range of 900-1800 rpm. Thanks to the PWM signal, the fan operates depending on the workload of the CPU.
