

**Confirmation to REACH Regulation (EG) No.
1907/2006**

Dear ladies and gentlemen,

the products we deliver to you, are „products“ in the meaning of the REACH-Regulation, which do not have to be registered.

As manufacturer of „products“, we are a downstream user according to the REACH-Regulation and are not subjected to REACH registration. A registration obligation for a downstream user only exists for direct imports of substances and preparations from outside the EU.

Informations according to Art.33 REACH

According to Article 33 of the REACH regulation, we are obligated to inform our customers as soon as we have information about the presence of a material from the so-called candidate list (<https://echa.europa.eu/de/candidate-list-table>) in a concentration of more than 0,1 percent weight by weight (w/w). The list of the candidate materials is updated regularly by the European Chemicals Agency (ECHA)

Currently different products of the EKL AG contain one or more (max.2 SVHC) in a concentration of more than 0,1 percent weight by weight. The substances are:

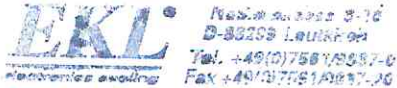

- N,N-Dimethylacetamid (DMAc) (CAS-No. 127-19-5) at certain insulation materials at AC products (fans)
- Lead (CAS-No. 7439-92-1) all fans contain lead in a concentration of more than 0,1 percent weight by weight
